Moving into a new home can be one of life's great joys, but it can also be a time of uncertainty, especially when it comes to decorating. How do you make your space look its best while reflecting your personal sense of style? Do it well and you'll end up with a comfortable, happy home. Do it poorly and you'll end up with a hodge-podge of furniture, fabrics and paint colors that never congeal into a pleasing whole.
